ADAMS DIAMOND SMOKE PIPE DAMPER

BUY ADAMS KNOWN QUALITY

STEEL ROD HEAVY SPRING
HEAVY CAST REVERSIBLE BLADE

Sharp piercing point with four cutting edges.
Rod may be used as punch on heavy furnace pipe.

THE ADAMS COMPANY
DUBUQUE, IOWA

1883 — SIXTY YEARS OF SERVICE — 1943

**AFTER 3 YEARS, MORE POPULAR
THAN EVER — A REAL COAL SAVER**

The "EVENHEAT" Coal Heater is an improved magazine type heater scientifically constructed with fire brick linings and auxiliary combustion chamber that mixes secondary air with the gases forced from coal in the process of cooking, thus increasing the heat output by burning gases and products of combustion that are ordinarily lost.

EVENHEAT Magazine Type Coal Heater

Sold only
thru
recognized
hardware
and appliance
jobbers

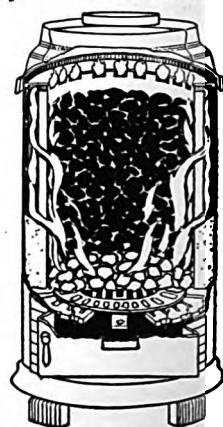

**PAYS FOR ITSELF FROM FUEL
SAVED**

No Puffing or Blowing

Burns any kind of coal, hard, semi-anthracite, soft, lignite, briquettes, etc., successfully, leaving only fine white ash and no clinkers.

Have your jobber obtain full particulars if he is not already an EVENHEAT Distributor.

Nine Money-makers by Gulf

GULFSPRAY INSECT KILLER

Heavy military demand for pyrethrum, Gulf Spray's former chief insecticidal ingredient, has made it necessary to change the formula of Gulf Spray Insect Killer. But, because we still use the best ingredients available to us, wartime-formula Gulf Spray is a quick-acting effective, Grade AA household spray. It is not so free of odor and taste as pre-war Gulf Spray but your customers can still depend upon it as the answer to their household insect problem.

Advertised Retail Price

Pint, 25¢ Quart, 45¢ Gallon, \$1.49

GULF LIGHTER FLUID and Spot Remover

A Gulf quality product with a double appeal—a highly refined lighter fluid and an excellent remover of grease spots. Now packed in bottles; the nozzle-neck permits user to fill lighter without waste of fluid.

Advertised Retail Price

4 oz. bottle, 10¢

GULFOIL Household Lubricant

An excellent household oil with fine lubricating and improved rust-resistant properties. For all fine mechanisms that require a light-bodied lubricant that also retards formation of rust. Since cans are out for the duration, handy lead spout helps make most applications easy.

Advertised Retail Price

4 oz. bottle, 10¢
Gallon, \$1.15

GULF ELECTRIC-MOTOR OIL

The *right* oil for refrigerator, washing-machine, workbench, and other small electric motors, so this product has a special appeal now that this type of equipment must be made to last for the duration. Has fine lubricating properties and is unusually resistant to gum formation.

Advertised Retail Price

4 oz. bottle, 15¢
Gallon, \$1.50

GULF PENETRATING OIL

This is a special oil containing colloidal graphite. Penetrates quickly, cuts rust, and kills squeaks like magic. Ideal for desqueaking auto springs, locks and hinges, loosening rusted nuts and couplings. Convenient size packages make for easy sales.

Advertised Retail Price

4 oz. bottle, 15¢
Gallon, \$1.55

Gulfwax (Paraffine for Preserving)

Gulfwax is a refined grade of paraffine—excellent for sealing jellies and preserves—now very much in demand. Packed in attractive, sanitary ¼ and 1-lb. size cardboard cartons—24 gummed jelly labels included in the 1-lb. carton.

Advertised Retail Price

¼ lb. carton, 5¢
1 lb. carton, 15¢

GULF GLEAM Fine Furniture Polish

An excellent, double-action polish that cleans and polishes at the same time—even cleans white woodwork. Also ideal for treating dust cloths and mops. Attractive bottle has spill-proof shaker-top.

Advertised Retail Price

8 oz. bottle, 25¢
Gallon, \$1.25

GULF LUSTERTONE CARCLEAN, CARWAX

LUSTERTONE CARCLEAN cleans and helps restore original beauty to surface of car. Safe, easy to use.

LUSTERTONE CARWAX "seals in" and protects the finish—after it has been cleaned with CarClean—with a weather resisting, high lustre.

Advertised Retail Price

CarClean 1 pt. bottle, 45¢
CarWax 8 ounce can 45¢
Combination, 1 of each 85¢

Rat—See Item Desired, as, Killers, Rat Traps, Rat, Etc.

De Laval Machines and Dealers Are Doing Their Jobs On the Home Front

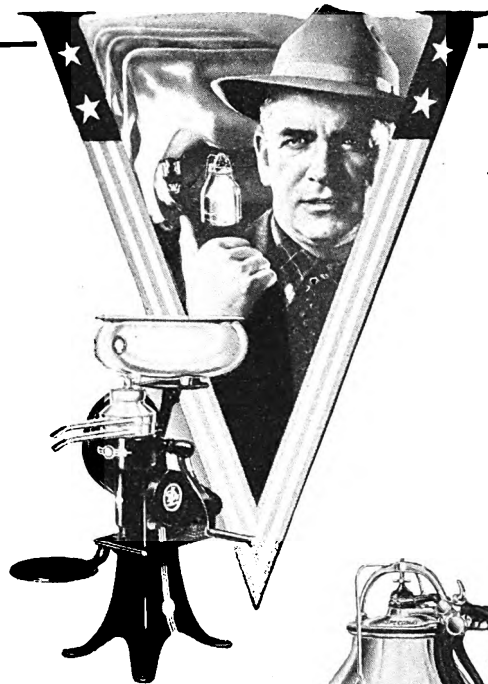

On thousands of dairy farms De Laval Milkers are making it possible for dairymen to continue milking their herds in spite of the acute labor shortage. Anyone can do a good job of milking with the De Laval.

Even more important . . . De Laval Milkers do a better, faster and cleaner job of milking than any other method. Better milking . . . cleaner milk . . . with less time and manpower—those are the all-important advantages of De Laval Better Milking.

And thousands of cleanest skimming, longest wearing De Laval Separators are making their daily enormous contribution to our vital supply of butterfat. De Laval Separator users know that their De Laval waste no butterfat . . . and produce highest quality cream.

De Laval Separator users . . . now more than ever before . . . appreciate the quality of design and manufacture that today result in unfailing De Laval dependability. Times like these severely test equipment . . . and De Laval machines meet that test with flying colors.

The famous efficiency and dependability of De Laval Separators and Milkers are backed by the greatest dealer service organization of its kind. De Laval . . . thousands strong . . . everywhere . . . render prompt, expert service . . . when and if needed.

Complete stocks of genuine De Laval parts and De Laval oil are maintained by De Laval Dealers . . . and add greatly to the peace of mind enjoyed by De Laval users. De Laval Dealers are doing an important job well . . . and building solidly for tomorrow.

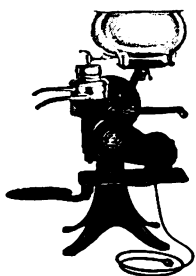

De Laval Separators Skim Cleanest and Last Longest

De Laval World's Standard Series

De Laval World's Standard Series Separators stand supreme . . . by proven performance they skim cleanest, last longest, turn easiest, earn most and cost less per year of use. First choice of the vast majority of separator users who know that the best is always cheapest in the long run.

De Laval Junior Series

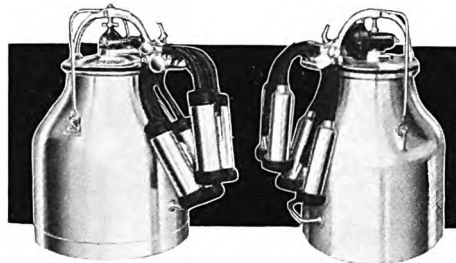

De Laval Junior Separators provide De Laval quality and separating performance in lower priced, smaller capacity machines for the small herd owner. Made in a variety of sizes, which can be furnished with or without low stands and electric motor drives.

Two Great De Laval Milkers Bring Better Milking to All Size Herds

De Laval Magnetic Speedway Milker

The world's best, fastest and cleanest milker—the only method of milking that assures that each cow will be milked in the same uniform, regular and correct manner each milking. All units in use milk alike, with pulsations controlled by magnetic force from master control in the pulso-pump.

De Laval Sterling Milker

A worthy companion to the wonderful De Laval Magnetic Speedway Milker—the De Laval Sterling provides De Laval-quality milking and is a great milker, particularly for smaller herd owners to whom lower price is an important consideration. The Sterling Pulsator has only two moving parts.

WHALE
SUPER GRIP
SCREW DRIVERS

A new design in husky Screw-Drivers that can really "take it" . . . blade, shank and shoulder forged from ONE piece of tool steel. All standard sizes and types, Phillips, Spark Testers, Stubbies, etc.

Projecting wings on shank prevent blade from turning in handle. 50% stronger, balanced ferrule of greater diameter reduces spitting of handle if hammered.

An ingenious shoulder, formed right in the blade gives added strength to Forsberg Super Grip Handle.

CARPET LAYING TACKS

WITH CROSS BEVELED HEAD CARPET-LAYING TACK

WITH THE ORDINARY FLAT HEAD CARPET TACK

A CROSS Carpet-Laying Tack has these outstanding features:

Small, beveled head that stays on.
 Buries itself in nap—less noticeable.

Needle-sharp point, sticks easily;
 drives straight and holds securely in hard wood. Sterilized.

TEN MILLION

FILTER REPLACEMENT SALES GO RIGHT PAST YOUR DOOR!

RESEARCH AIR FILTERS*

Are A Hardware "Natural"

There are 10,000,000 filter replacements made each year and 1 out of 2 modern homes is a "perennial" consumer! This sales volume is marching right past your door because this hardware "natural" is not sold in most hardware stores.

Used by leading manufacturers in original equipment Research Air Filters offer you a perfect replacement for some fast selling item no longer available. Write today for data sheets and detailed information.

Complete Retail Selling Program FREE

Free selling helps include newspaper mats, direct mailing pieces, radio spots, blotters, posters, window and counter display material, envelope stuffers, merchandising plans, record cards and furnace labels. All furnished without cost . . . samples on request.

*100% Non-Critical Materials

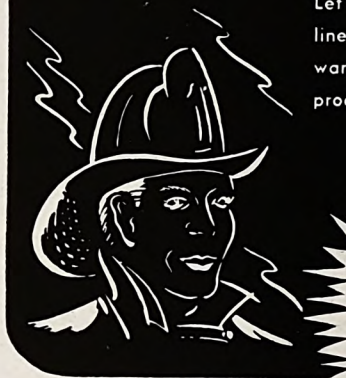

RESEARCH PRODUCTS CORP.

Dept. R-7 MADISON, WISCONSIN

JULY, 1943 • HARDWARE RETAILER

JUSTRITE Invisible Firemen STEADY, PROFITABLE "BEST-SELLERS"

Let us tell you about the Justrite line... show you present and post-war possibilities of the Safety products that Industry demands.

JUSTRITE Approved SAFETY CANS

The safe, sensible way to handle and store explosive or 'flammable liquids. Large nozzle with special lip—easy to fill and pour without spilling—no funnel needed. Body: heavy sheet steel. Nozzles and handles malleable iron. Baked enamel finish. 7 sizes, 1 pint to 5 gallons. Approved, inspected and individually numbered and labeled by Underwriters' Laboratories, Inc.

SAFETY FILLING CANS

Same general construction as Justrite Safety Cans but equipped with flexible metal spout hose for safe and easy pouring of 'flammable liquids. Air vent assures even flow without back pressure. Easily filled from hose of gas pumps thru separate filler opening. 20 quart size. Approved and listed by Underwriters' Laboratories, Inc. Approved by Associated Factory Mutual Fire Insurance Co.

OILY WASTE CANS

The common sense container for oily-waste or other 'flammable material. Sturdily made of 24-gauge steel, 1/8" band iron legs and handles. Made with or without foot lever. Lid automatically closes when can is not in use. Approved by Underwriters' Laboratories, Inc. and Associated Factory Mutual Fire Insurance Cos.

JUSTRITE Twin-Bulb ELECTRIC LANTERN

The most dependable lantern ever built for industrial use. Powerful 662 candle power forward beam plus light to sides at the same time from the same bulb. Twin-bulbs reduce danger of light failure—just flip the switch and second bulb is lighted instantly. Listed by Underwriters' Laboratories, Inc. for safe use in the presence of 'flammable gases and other Class 1, Group D hazardous locations. Approved by U. S. Bureau of Mines.

Ask your jobber . . . or write for prices and details.

EVEN THE GENERAL CHANGES HIS HAT

In time of action the leader must lay aside his trim hat, strip off his gold braid and sleek attire. He looks different—but his ability and character remain the same!... PLUMB, too, dons a "service uniform". Because of Government Limitations the appearance of some Plumb Tools has been changed. But the "hidden qualities" remain the same. Plumb Tools have the same hang and balance, design and temper that won them a quality reputation for nearly ninety years. While the fine finish has gone for the duration you will recognize Plumb design and balance by the ease and speed with which it works. . . . Plumb is proud of its service uniform! Fayette R. Plumb, Inc., Dept. R-4, 4837 James Street, Philadelphia 37, Penna.

Quality Comes First—PLUMB is FIRST in Quality

A profitable repeat item for you to sell— DUST-STOP* AIR FILTERS

These are Dust-Stop Air Filters. Every forced-warm-air furnace user has air filters in his furnace. These filters clean the air before it circulates through the home. They should be replaced regularly to assure fuel economy.

THESE FILTERS are now being successfully sold in many hardware stores. Here's why:

Everyone who has a forced-warm-air furnace in his home is a prospect for these filters. They do a swell job straining out dust and dirt.

But, as these filters get more and more clogged up with the dirt they collect, less and less air is permitted to circulate. Then the house becomes harder to heat . . . the heating plant works overtime . . . wastes fuel.

That's where you come in with Dust-Stops. For, these filters must be *replaced at least once a year*. Clean filters help to keep furnaces operating at top efficiency. In addition, they save the housewife much housework by helping keep the home cleaner. Walls, drapes, and furnishings need less frequent cleaning, so last longer.

FURTHER FACTS ABOUT DUST-STOPS

Dust-Stops are the largest-selling air filters in the country

. . . nationally advertised in Life, Better Homes and Gardens, American Home, and other leading magazines—September to February.

Dust-Stops do not use materials now critical. Ample warehouse stocks are carried in most cities. You get prompt service on your orders.

Dust-Stops are backed by a big retail selling plan which includes a plentiful supply of free sales helps . . . complete display kits . . . newspaper ad mats . . . attractive literature and catalogs.

Dust-Stops are moderately priced with a fair profit margin . . . packaged for over-the-counter sales.

Dust-Stops can be easily changed by the householder; no special tools or skill are required.

For still further reasons why you should add Dust-Stops to your profitable lines, write today to *Filter Division, Owens-Corning Fiberglas Corporation, Toledo, Ohio. In Canada, Fiberglas Canada, Ltd., Oshawa, Ontario.*

Vernier Calipers—See Calipers, Vernier

The accuracy, greater effectiveness and long range of Western Super-X Silvertip cartridges led to their widespread preference among big game hunters. The unique Silvertip bullet combined delayed expansion with deep penetration. Silvertip cartridges are not used for military purposes.

Speeding of even

Now Your Ammunition Is Getting Bigger Game

Your favorite Western ammunition—which you have given up so willingly, that the boys at the front might have enough and on time—helped blast the Japs from Guadalcanal.

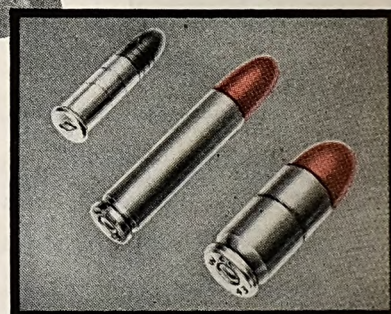

This painting, from an actual photograph released through the War Department, shows cases of Western military cartridges at an ammunition dump on Guadalcanal Island. The rifles are the new used by automatic Garand, the finest infantry arm used by any army in the present war. Western's Winchester division is one of the manufacturers of this ultra-modern weapon.

Here is part of your stake in America's great war effort. On many other fronts, too, Western is helping to drive the enemy into submission. Tomorrow, when the world is again ruled by free peoples, Western Super-X and Xpert cartridges and shot shells will go with you into the forests and fields to help you enjoy in full measure the great sport of hunting.

Western
CARTRIDGE COMPANY
EAST ALTON, ILL.

This is one of an outstanding series of Western advertisements that is keeping Western ammunition before the public until it again can be supplied in normal quantities. Millions of copies of this advertising, many of them in full color, are being read every month in leading Outdoor, Farm, Juvenile and Service Men's magazines.

FOR THE BOYS AT THE FRONT. Millions on millions of military cartridges are being produced at the great Western plant. Millions more at Western's Winchester division in New Haven, Conn., and at the huge plant of The United States Cartridge Company, St. Louis, Mo., which we are operating for the government. The Garand rifles and the Winchester Carbine, known as the U. S. Carbine, Caliber .30, M1, are being produced in ever-increasing quantities by our Winchester plant.

To help your Association mention **HARDWARE RETAILER** to Advertisers

the day greater peacetime demand

THE tremendous quantity of military cartridges Western is producing for the battle fronts is helping to speed the day when Western ammunition will be made solely for your customers, the nation's sportsmen.

During this period in which we are contributing our all to Victory, we are constantly keeping in touch with sportsmen through *advertising*—building up an even greater future demand for SUPER-X, XPERT and SILVERTIP sporting ammunition.

When the Axis has been beaten into complete surrender, the interest in hunting and all other shooting sports will be greater than ever. It means an unprecedented peacetime demand for the World Champion Ammunition . . . Plan to stock Western after the war!

The "Tulip" Sprinkler

Beautiful, unusual design. Durable, no moving parts to wear. Plastic head, heavy ceramic base. Delivers high, wide, misty spray.

The "Victory" Garden Spray Nozzle

Fine, dense, flat spray, ideal for giving the Victory Garden the right start. Won't beat down seedlings or wash out the roots. Also excellent for watering flowers and dozens of other uses.

All America Is Demanding These Sherman Hose Goods

Two years ago, Sherman Plastic Garden Hose Goods were considered just a novel experiment. But this experimental line was launched by a manufacturer who foresaw the coming brass shortage, even before Pearl Harbor!

Today, with almost all other hose goods off the market, this Sherman Plastic Line becomes the one means of keeping millions of Victory Gardens growing—of keeping a profitable department operating in many thousands of stores.

All America is demanding this Sherman Plastic Line. Thus, in spite of our great production, it has become a tremendous problem to supply the universal market for these goods.

We need your cooperation to do this. Don't wait until you need Garden Hose Goods before ordering. Estimate your requirements for the coming season and order NOW. With your help, we will do our best to supply you with the Garden Hose Goods you need.

H. B. SHERMAN MFG. CO.
Battle Creek, Mich.

The "Glamour"

Colorful, full size, highly polished plastic, amazingly attractive. Adjustable for spray, straight stream, or shutoff. Exclusive leakproof construction.

The "Ful-Flow"

The simple, low-priced, non-adjustable nozzle of durable plastic.

"long-grip" Coupling

All the famous Sherman features, now in "long-grip" Couplings and Menders of Plastic.

The "Petite"

A dainty, three-quarter size, all plastic nozzle, fully adjustable for spray, straight stream, or shutoff.

All-Plastic Coupling. Accurately threaded, surprisingly durable.

Sherman **PLASTIC** Garden Hose Goods

A priority rating on your orders will facilitate shipment, since government regulations require that we ship priority rated orders before giving service on any unrated orders. Contact your local War Production Board for instructions in regard to getting priority rating on Form PDIX.

SOLVE DIFFICULT ANGLE JOBS

For Tool Room — Production Line — Bench

Designed to meet present day production problems, they save hours of set-up time, hold work solid and rigid for every kind of operation. Once set, they remain locked under most severe service. Palmgren Angle Vises also — — —

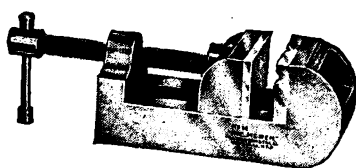

- ★ Speed up work—End Makeshift Methods
- ★ Quick Accurate Set-ups at any angle.
- ★ Sturdy Longlife Construction.
- ★ All Parts Accurately Machined.
- ★ Jaws Hardened Steel—Plain or Grooved.
- ★ Made in Sizes from 1½" to 8" Jaws.

With Swivel Base B

PALMGREN Swivel Bases

MODEL B—at left for mounting on work bench in shop, laboratory or home shop. Diameter is 4", height 3". Complete with screw and locknut. MODEL M—shown at top for use on Milling Machine, Drill Press, etc. 1¼" high, 3" wide, 6" long. Graduated 360 degrees. Complete with blocks, screws and wrench.

PALMGREN Drill Press Vise

Models
No. 5
No. 10
No. 20
No. 30

A handy drill press vise for holding small pieces. Ideal for tool rooms, shops, experimental departments, school, home and repair shops. Accurately machined. Adjusting screw made of hardened steel with fine pitch thread and long bearing in vise body. No. 5 and No. 20 have hardened steel jaws as shown—No. 10 has grooved jaws for holding round pieces. No. 30 has both hardened steel jaws with grooving. Jaw openings 1½" to 3". Write for details.

Write for Circular No. A1-7 "101 Angle Operations", Prices, Discounts, Etc. We can supply on proper priority rating. Let us aid you.

PRECISION WORK AT ANY ANGLE

SAVES GUNS SAVES TOOLS

STOPS RUST WHEN OTHERS FAIL

RIG is used from Tropics to Alaska to protect firearms of rifle, pistol and shotgun experts! RIG was developed specifically for firearms but is unexcelled to protect tools—or anything that rusts! Guards guns against corrosive ammunition, rain, salt sea air, fingermarks, acids. Unexcelled for daily use or storage! Saves tools, reels, knives, locks, hinges, razor blades, etc. Display in gun and tool departments. National advertising and sales displays sell for you!

FIRST *Over the Counter*

Ace in the Embury line is the Air Pilot, a lantern that in a few short years has achieved an enviable reputation among hardware dealers everywhere. Its dynamic design, all-weather combustion control and unusually sturdy construction combine to make the Air Pilot outstanding in appearance, durability, and performance. It is a lantern you can recommend with confidence and sell with pride.

Outstanding, too, are the Embury Supreme and Defiance hot and cold blast lanterns of top quality and dependability. The Traffic-Gard is another Embury achievement—the lantern with a fresnel lens—a new standard in warning lights.

The name Luck-E-Lite on an Embury Torch means lowest cost for highest dependability. On an Embury lantern is signifies the only truck light that has gained universal acceptance among fleet operators using auxiliary lights. On an Embury truck flare it designates the flare that leads the quality field.

Embury offers you a complete line of quality portable oil lighting products for every purpose. Available through jobbers on proper priority for essential uses.

Englishtown is proud to present this series as a tribute to our fighting men and women and the honors they so richly merit. ★ ★ ★ We would, at the same time, acknowledge our debt to the millions of workers on the industrial and home fronts and to their unswerving devotion and loyalty to the cause which we all serve.

THE ARMY MEDAL OF HONOR

This highest ranking military honor is awarded in the name of Congress to officers or enlisted men who distinguish themselves conspicuously by gallantry and intrepidity at the risk of their lives above and beyond the call of duty and while engaged in actual conflict with an enemy. ★ ★ ★ The gold star and green laurel wreath surround a head of Minerva, the whole suspended from a bar surmounted by an eagle and bearing the word "VALOR". The ribbon is blue silk with thirteen white stars. The reverse side of the bar is engraved "THE CONGRESS TO" and that of the medal itself carries the recipient's name.

USED BY
THE
U. S. NAVY

Sell War Plants and Essential Industries

Here is a drill you can sell today. A necessary tool for war plants and essential industries. Drill manufacturers have been required to reduce lines. Practically all are now making only expensive heavy duty production models, leaving SpeedWay almost alone to provide the lighter, handier, more economical "Standard" (intermittent service) 1/2" drills—the type used for maintenance and ordinary portable drill-work. Sell the priority market this No. 89J SpeedWay Standard Duty 1/2" drill. Send in a PD1X application today, for priority to purchase a shelf stock.

SpeedWay
Homcraft
TOOLS

will be back

Today, SpeedWay's capacity is employed in winning the war, and SpeedWay products fly with the Army, sail with the Navy, and ride to battle with our mechanized forces. But the day victory is won, SpeedWay will again supply those profitable, fast-selling, sturdy little SpeedWay Drills, Grinders and other home workshop tools which have brought profit to hardware dealers and satisfaction to home craftsmen. When the war is over, we anticipate a new "high" in sales of SpeedWay Tools thru hardware stores, not only because of the piling up or natural demand as a result of war restrictions, but also because the new hundreds of thousands being trained as mechanics and machinists in the armed forces, war plants and technical schools—all potential home craftsmen in civilian life.

TOTAL EARNINGS FOR YEAR.....\$ 5,776

IN the easy-selling wartime year 1942, John Hardwareman sold \$67,314 worth of goods—12.42 per cent more than in 1941. Heavy sales in the face of increasing scarcity of merchandise at supply sources meant a gradual liquidation of inventory, posing a future problem of supply. Expense was \$764 higher than in 1941, salaries accounting for \$654 of this increase. The increased sales vol-

ume more than absorbed this rise so that expense percentage was 1.33 below 1941. But the rising trend in dollar expense forecast a serious problem when sales volume drops due to merchandise scarcity. Liquidation of receivables was reflected in the fact that days' credit business on the books at the end of 1942 was only 49 compared with 76 recorded the year before.

Red Devil

Did you know that RED DEVIL is the world's largest producer of glass cutters . . . of glaziers points . . . of wood scrapers . . . of paint conditioning machinery . . . of putty knives and wall scrapers . . . of glass pliers . . . of axe wedges . . . of tile cutting machines . . . of sand paper holders and other kindred tools and machines for the painter, glazier, and handy-man about the house! The manufacture of a few RED DEVIL products has been temporarily suspended to conserve critical metals. It is hoped, that in 1944, we can announce, in this space, the return to the market of these items and also additional RED DEVIL items.

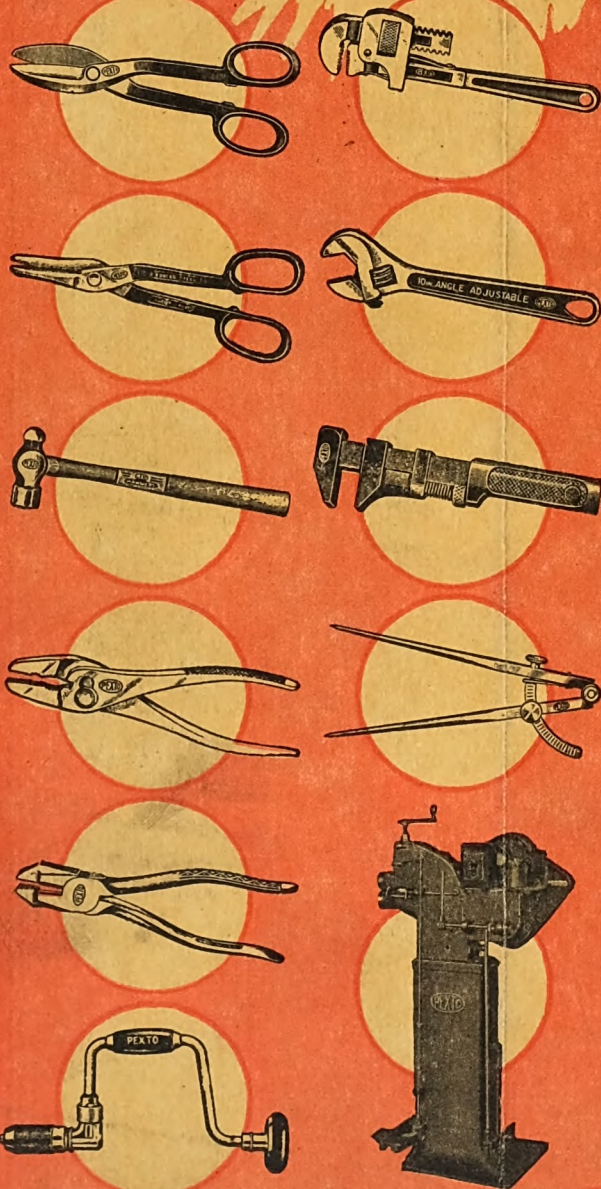

Due to space limitations, only a few of the leaders of the RED DEVIL lines are shown. Write for new 76 page catalog of the complete RED DEVIL line. Please order thru your Jobber.
